**ANALYSIS AND REVELATION OF THE MESSAGES IN THE CROP-CIRCLES**

BY E.S.GEREMIAS, director of the Aldeias Project for the Survival of Humanity. I've been in contact with extraterrestrials since birth. Crop-circles are auxiliary forms in communication and must be analyzed in 5 ways: INTERNAL, EXTERNAL, PHYSICAL and MATHEMATICAL. And there may be TELEPATHY. To analyze correctly, you may need knowledge of geometry, geography and geoprocessing.

**THE DANGER OF THIS WAR**

The red crop-circle. It represents the Earth with an insane and corrupt war industry, corroding its bowels and exhausting its natural resources for a world power game, at the expense of the people and putting at risk the lives of the 8 billion human beings who do not approve of wars. The manufacture, stockpiling and trade of weapons inevitably leads to endless conflict between nations.

The red line points to the center of the war.

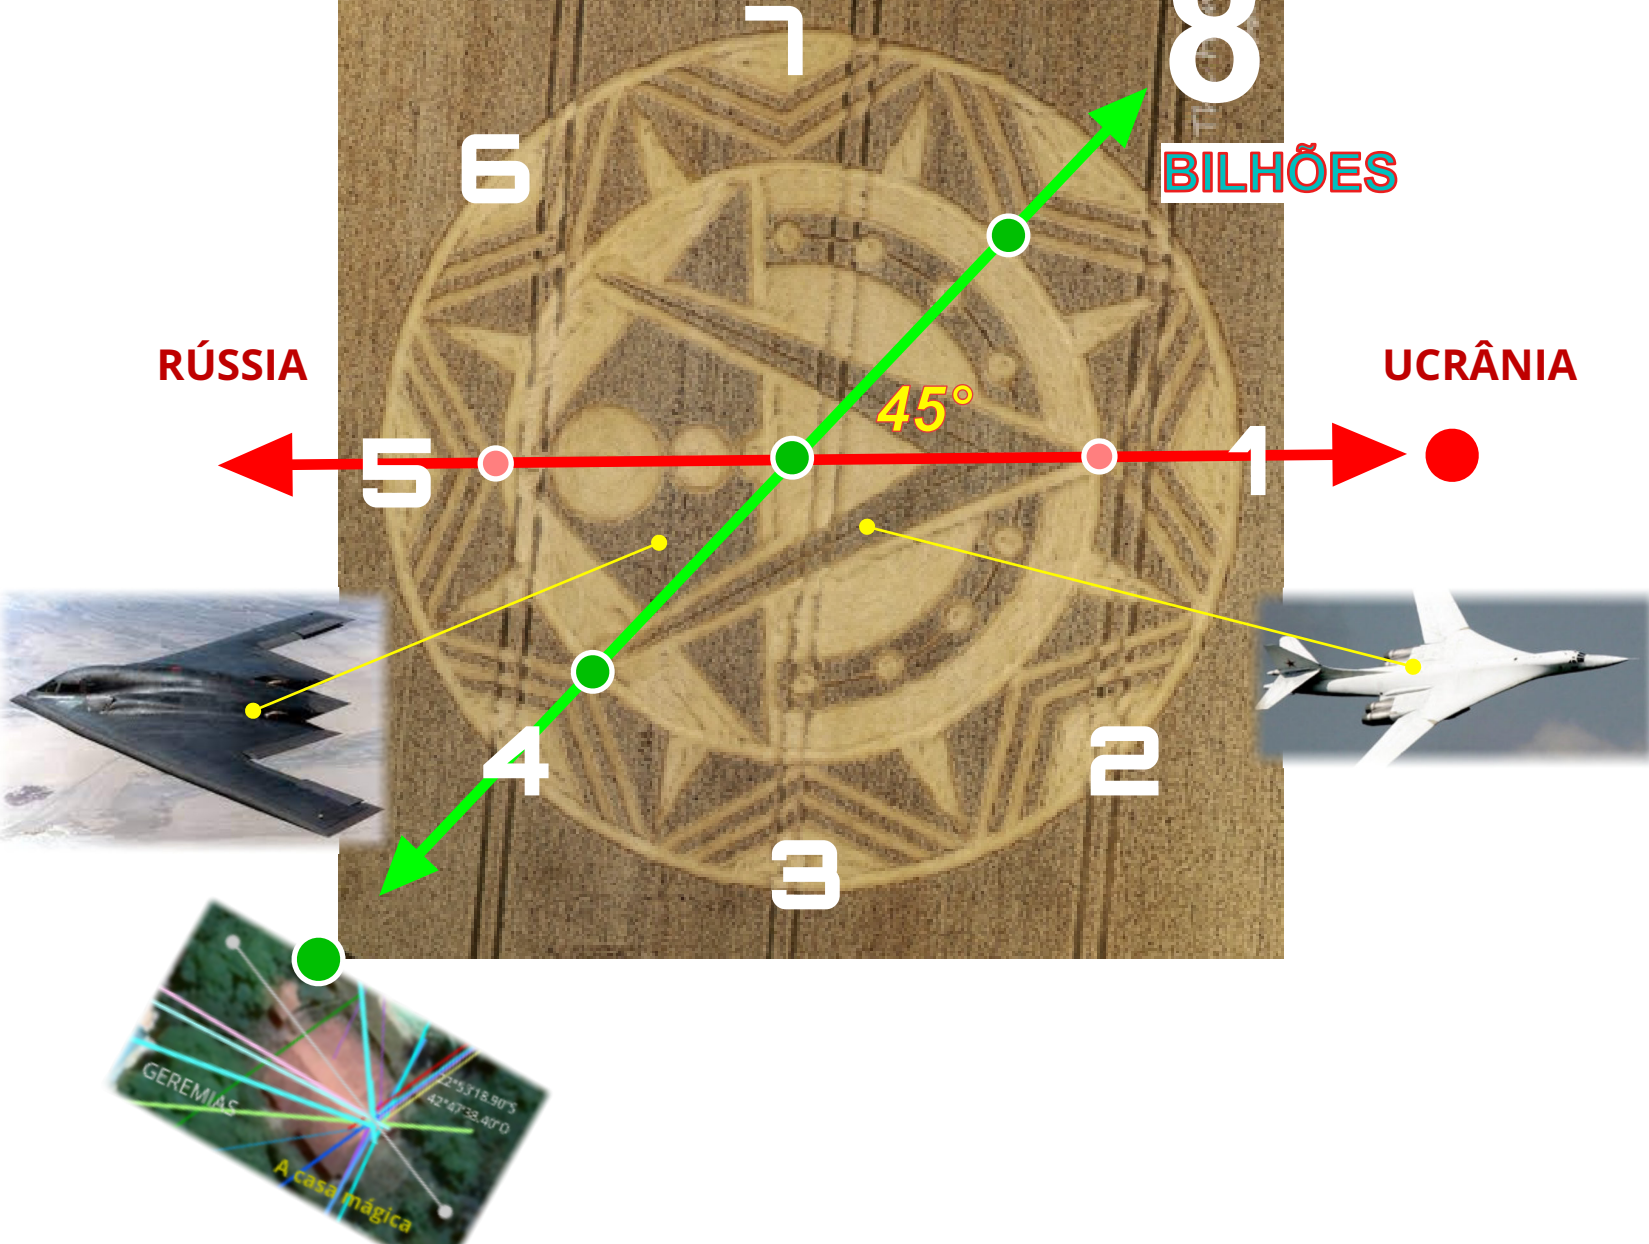

The green line points to the "Magic House". These lines intersect at 45°.

Why would the line be connecting this circle to my home/office?

1. Or the ETs somehow know that I have a chance to establish world peace... Which is indeed a beautiful dream. Call Geremias.

2. Or they are already calling for the most difficult problem, that of the war industry, a mental, moral and physical slavery, which no one has ever nightmare managed to free the world from this deadly.

The fact is, that a straight line to my office in Brazil is also a good method to authenticate the crop-circle, since until now nobody knew the my coordinates and no human "circle-maker" could construct a circle pointing to them. The probability of this happening by luck is negligible. And the probability of several crop-circles together doing the same thing is practically ZERO! That is why there is a call or a clear indication of my name, on the part of extraterrestrial beings, for an urgent action for world peace and to ward off the danger of human extinction by a global nuclear war.

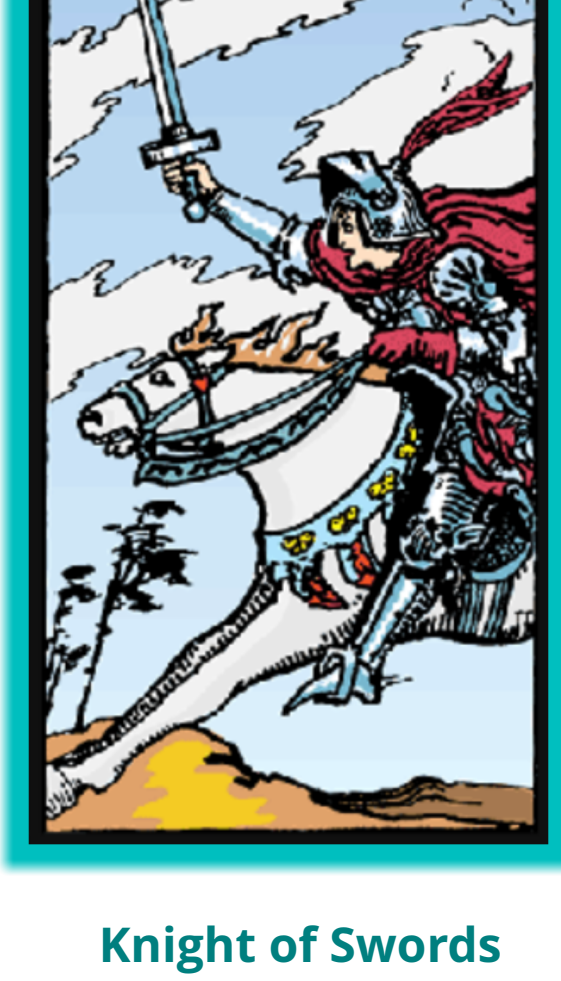

Praça dos Três Poderes  
Os Gêmeos Templários  
Place chosen for the landing of the ships that will make official contact with Earth

Extraterrestrials get some contact with me through telepathy and synchronicity. Through the wide indication of Brasília as the place of contacts and administration of technologies and information that will possibly bring us, they inform that I will fulfill the prophecies of D.Bosco and Francisco Xavier. Will be? That means governing my country, establishing important changes and innovations and peace would be a consequence of paradigm shifts, new doctrines and mainly a new evolutionary mentality. All this with the guidance of those beings who are there protecting us and promoting our growth.

On one side they boast  
MEASUREMENT AND MORALITY...  
But they work by force.  
On the other hand, they claim  
RIGHTEOUSNESS AND MORALITY...  
But they use lies.  
There is no JUSTICE AND MORALITY in war  
Killings bring out the worst in us  
Endless hatred rages;  
They don't control population  
They don't train soldiers  
Only monsters and the dead.  
Virtues...  
Only in PEACE...  
TRUE...  
The union of all concepts;  
Tolerance of all beliefs;  
The preservation of all cultures.  
Where the strong protect the weak,  
The little ones respect the big ones.  
All share  
The grace of the earth,  
The blessing of water;  
The beauty of life;  
Or they will lose EVERYTHING.

**Final comments:**

**1 - Dear reader,**

I know you are used to interpretations that are almost always beautiful and fun. I hope they can change their way of looking at circles. They are not a universe apart from events and neither are extraterrestrials alienated from what is really happening on Earth. Being contacted raises some skepticism in today's world of lies. But the evidence is right there in front of you. My rule is never to think I'm better than others or the owner of the truth. I never expect anything from anyone either. But the planet belongs to us ALL. That's why I will always have hope that these messages from the ETs can sensitize the good people of Earth, so that they unite and help, take advantage of this opportunity for change and help whenever they can. I was chosen because I have the right qualifications for the job, but even a mighty knight doesn't act alone.

Did you want to know the reason, meaning and usefulness of crop circles? Are you there; COMMUNICATION, WARNINGS, DISCLOSURES, INVOLVEMENT, LOVE, FRIENDSHIP, ADVICE, etc..

**2 - The question of the crop-circle to bring a Masonic symbol or not.**

I study secret societies and I also attended Freemasonry, I had Mason relatives and some invitations to join this entity as an apprentice. I never went in because I don't agree with its origins, its rituals or with many of its social activities. Only if there were important changes could I come in to socialize with friends and contribute. Did Freemasonry have anything to do with this war? YES. Just like ALL of us have everything to do with it, due to our procrastination in creating an entity to supervise the activities of each country. To avoid conflicts, to prevent nations from manipulating others for their own benefit and mainly for endless wars. Freemasons are an entity that transits in some governments. Beware good-natured Freemasons, beware of post-chaos aftermaths. Look at the story.

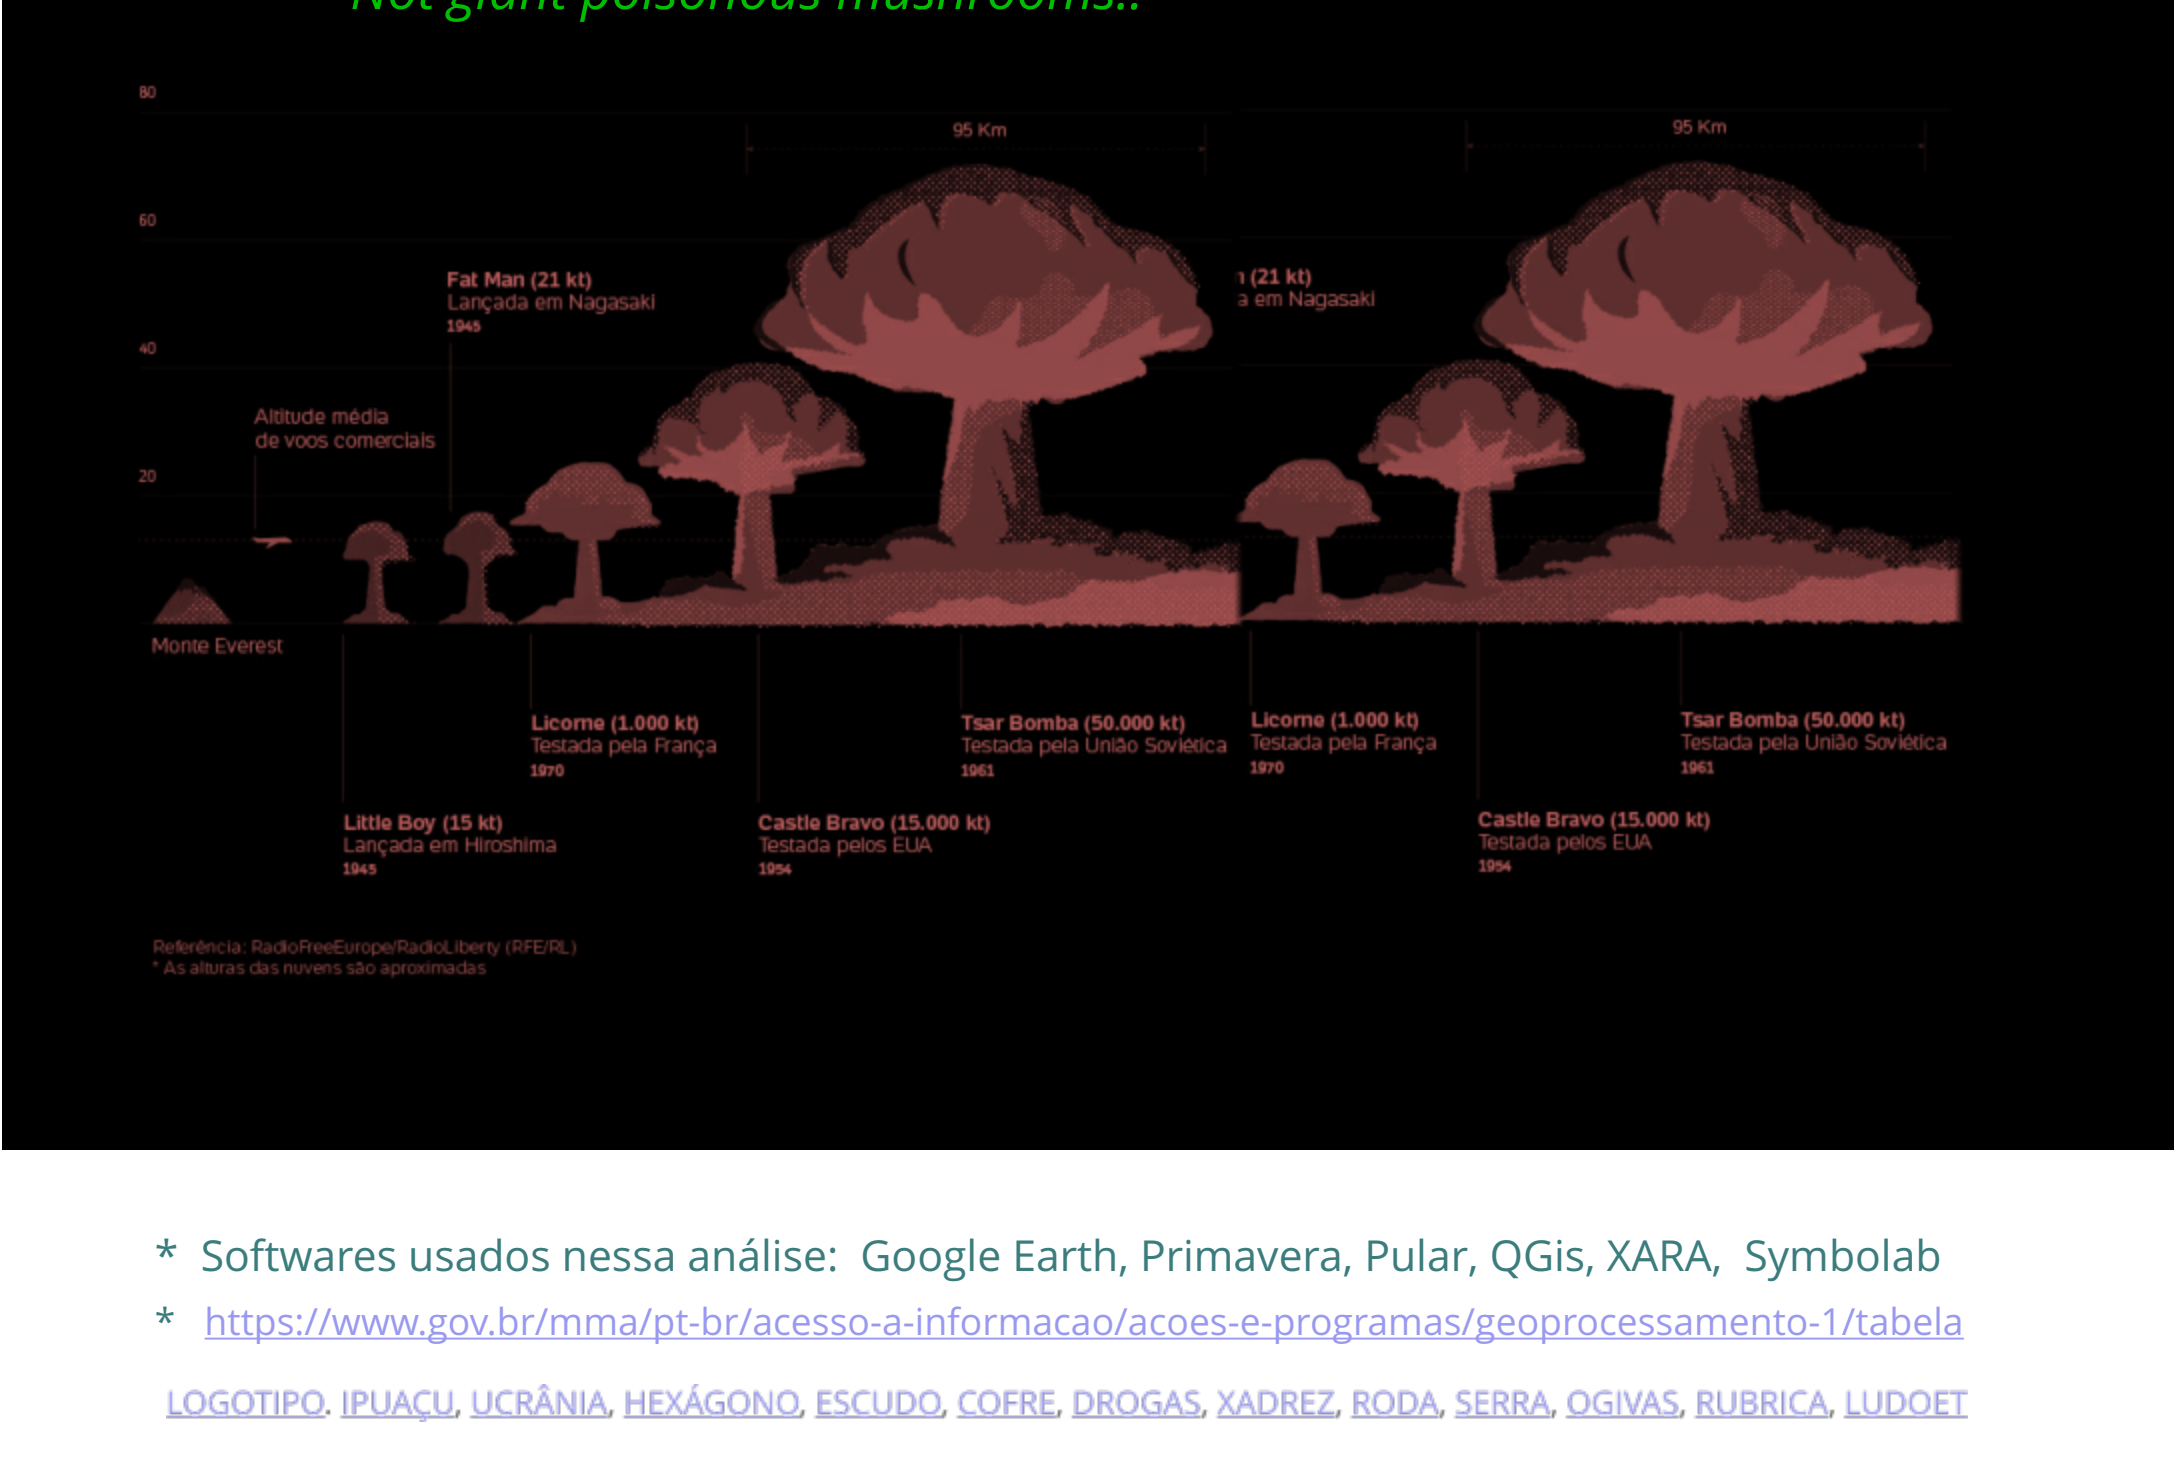

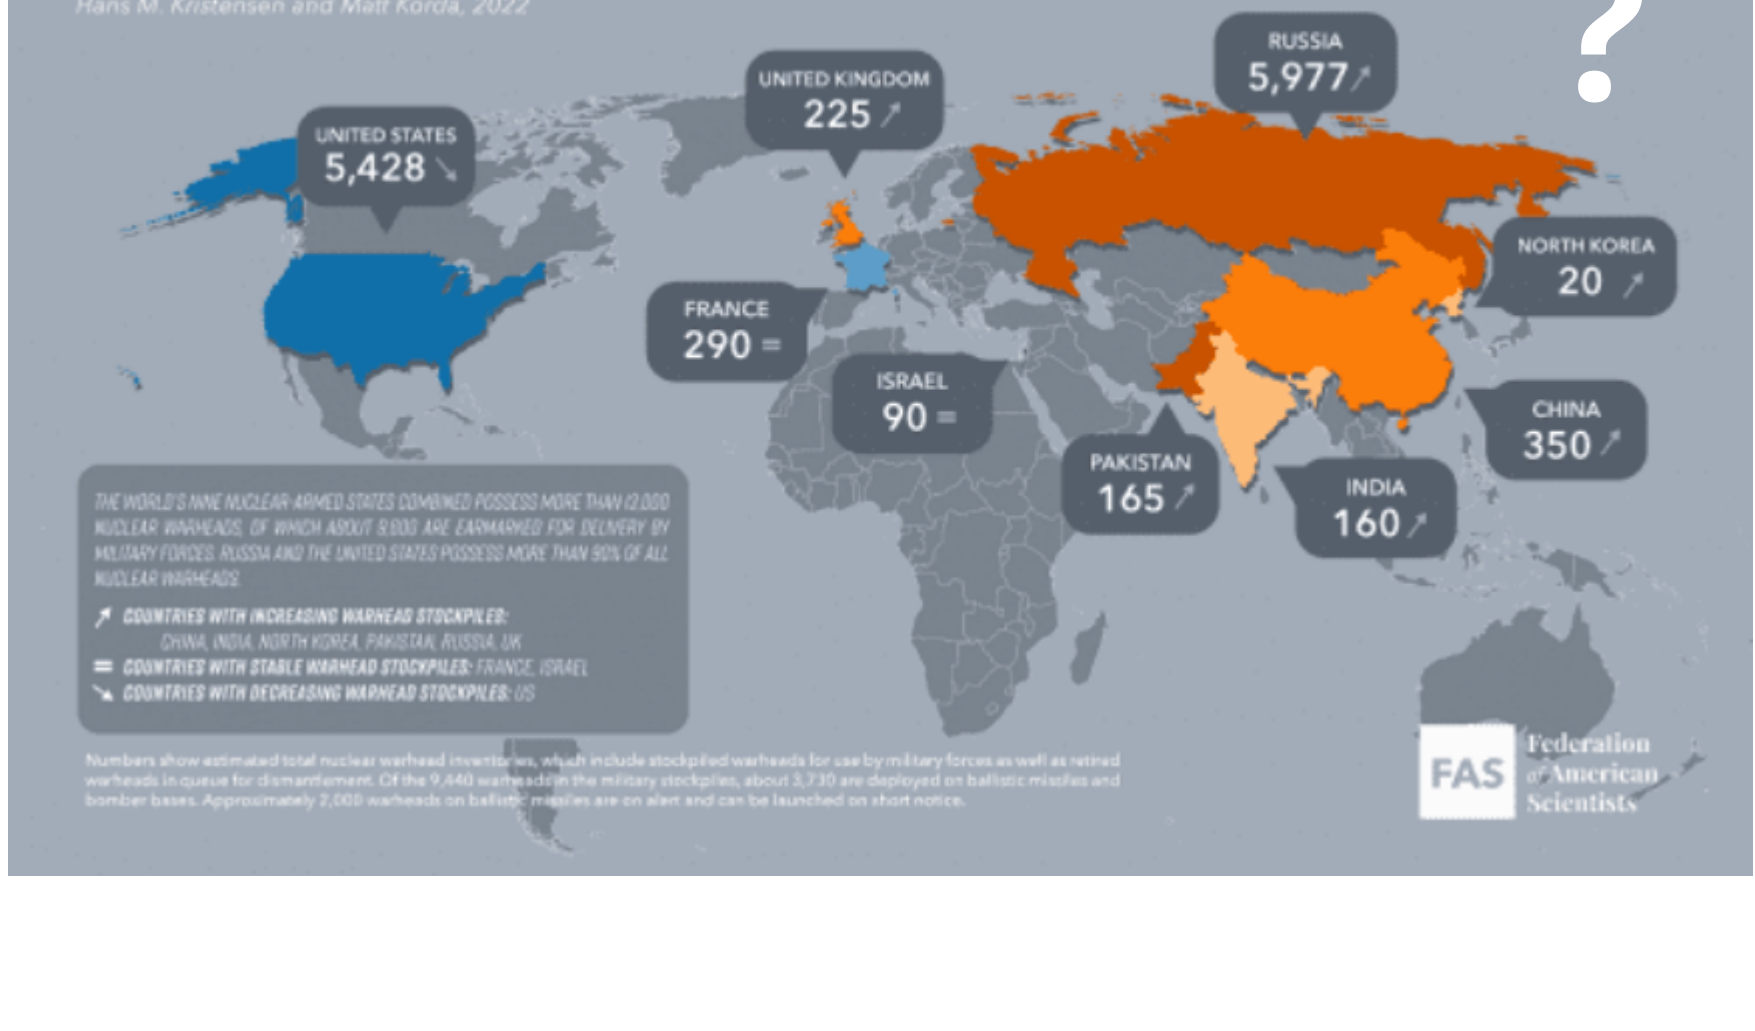

**3 - The parallel between the bombers and the square and compass are in the figure for everyone to see.**

It does not mean that there is a search for culprits. But it clearly means that the square and compass should work together, even in antagonistic countries. In this case the extraterrestrials are warning us that this resource has been abandoned, has not worked for good and has failed in its virtuous promises. Therefore, it must undergo a thorough general overhaul. Getting rid of many concepts that are now obsolete, many harmful practices... Even so as not to be manipulated anymore. Anyone who is a Freemason knows very well what I'm talking about. You know it's hard too. But we can always do this reform all together. Call.

**4 - What nation does this crop-circle really talk about?**

There is a nation that acts in secret, in the long term and that is truly responsible for this war. Masters in the art of lying, of playing against each other and profiting from it. That nation calmly waits, that with the world war and the destruction of the biggest powers, it can buy or seize vast extensions of land and mainly nuclear weapons, to become the new biggest world power, if not the only one. They simply intend to dominate the whole world, without opponents, without tolerances.
